EDUCATION

Florida State University | Tallahassee, FL *Bachelor of Science in Computer Science* | Expected Graduation: Spring 2027

Park Vista High School | Lake Worth, FL *High School Diploma* | May 2023

- GPA: 3.8 Unweighted / 4.8 Weighted

TECHNICAL SKILLS

- **Languages:** C++, C#, Java (Beginner)
- **Software & Tools:** Unity 3D, Blender, VR Development (Meta Quest/SteamVR), AI 3D Scanning (Microsoft), 3D Printing & Rapid Prototyping

RELEVANT EXPERIENCE

Florida State University ITS (Integrated Communications) | Tallahassee, FL *Emerging Tech Intern (Immersive Media)* | Jan 2026 – Present

- Develop and prototype immersive Virtual Reality (VR) experiences under the guidance of the Emerging Technology Lead.
- Design and optimize high-fidelity 3D assets in Blender for integration into Unity-based university initiatives.
- Lead 3D printing and rapid prototyping workflows, utilizing AI-powered 3D scanning to convert physical objects into digital assets.
- Collaborate with cross-functional teams to research and implement emerging AI and XR solutions for campus-wide deployment.

FSU College of Communication and Information (CCI) | Tallahassee, FL *Junior Developer* | May 2025 – Present

- Contribute to the "Prawemite" project using C# and Unity, focusing on interactive environment mechanics.
- Apply C++ foundational knowledge to develop efficient, object-oriented scripts for game logic and UI systems.
- Participate in iterative design reviews and technical sprints within a collaborative development cohort.

AWARDS & PRESENTATIONS

2nd Place, FSU AI Maker Challenge | FSU Libraries, AWS, & Office of Research | March 2026

- Co-developed "Netrunners," an AI-driven scheduler and virtual assistant featuring an automated prioritization system.
- Integrated a custom Canvas LMS extension to deliver personalized academic reminders and campus event recommendations.

Presenter, ITS RISE Together Showcase | Florida State University | April 2026

- Presented "Where Innovation Takes Shape: 3D Printing at ITS" to university leadership and IT professionals.
- Demonstrated the synergy between immersive media design, AI 3D scanning, and rapid prototyping in supporting university research and operations.

LEADERSHIP & INVOLVEMENT

DevLUp (FSU Game Development Club) | Tallahassee, FL *President-Elect* | Fall 2026 – Spring 2027

- Elected to lead FSU's premier game development organization, overseeing executive strategy and community growth. *Social Chair* | Fall 2025 – Spring 2026
- Directed digital marketing and social media strategy, increasing student engagement through targeted outreach and events.

Involvements: WiCS (Women in Computer Science), FSU Innovators, Girls Gains, CHAARG

ADDITIONAL EXPERIENCE

Florida State University Housing | Tallahassee, FL *Desk Assistant* | June 2024 – Present

- Provide high-level administrative and residential support, managing complex logistics during orientation and peak cycles.
